# MTM Custom Watches

This special collection showcases the elegance, precision and unmatched quality of fine, jewelry-quality dials paired with coveted name brand watches. MTM Recognition's extraordinary heirloom timepieces offer a blend of luxurious styling and superb craftsmanship.

## Quality

Meticulously handcrafted, MTM's watches feature high quality rich gold or natural finishes, name brand state-of-the-art movements, scratch-resistant mineral or sapphire crystals, and stainless steel casebacks.

## Variety

We offer a comprehensive collection of styles appealing to a wide range of tastes with a broad price range to appeal to the value conscious.

## Customization Flexibility

Choosing an appropriately customized award watch is easy with MTM's numerous options:

### M Medallion Dials

They are skillfully crafted with raised and polished detail and a rich, textured background. MTM uses the same processes and finishes for our watches that we use to make our finest jewelry.

### I Imprinting

Adding a company logo creates a powerful symbolic award. This option is available on both proprietary and branded watches.

### O Opticrest

Create a customized look with our unique Opticrest gold appliqué. Available on both proprietary and branded watches.

### E Caseback Engraving

This option can be used for a custom symbol or personalization for the recipient, such as initials, date, award, etc.

Diamonds or other gemstones can be added to watch dials and be used to signify a recipient's achievements.

## Montreux® Designs

Many of our watches are proprietary—uniquely designed by MTM and manufactured exclusively for us. These watches are available only from MTM Recognition.

## Watch Codes

Watch coding is shown throughout the brochure; please refer to it when ordering. Solid colored icons indicate that watch customization options are available. Grayed out icons indicate that they are not.
